VFC, VOMS Accountability Session **(For VFC Providers Only)**: 1:00 pm - 3:30 pm local time

The Indiana State Department of Health will be conducting monthly Children and Hoosier Immunization Registry Program (CHIRP) User Group Meetings at various locations within Indiana. Location and timing details can be found on the CHIRP home page (UGM Calendar Schedule). These meetings are an opportunity for users to meet with the CHIRP administrative staff, hear programmatic updates, learn about new tools, resources and address concerns relating to the registry. These meetings will be a great way for providers using the registry to learn how the registry can assist them with documentation.

The meeting will consist of 2 sessions, one in the morning and the other in the afternoon. The morning session will be from 9:30 a.m. to 12 noon and the afternoon session will be from 1:00 p.m. to 3:30 p.m.

The morning session is intended for ALL providers and will provide an overview of the CHIRP system where the presenters will talk on various components within CHIRP. Attendees will: 1) understand the system requirements needed to operate CHIRP; 2) identify common mistakes users make; 3) Learn about VOMS and lot reconciliation and 4) generate a Reminder Recall List. Participants will also have the opportunity to submit concerns in advance and have them answered during the meeting.

The afternoon session is for Vaccines for Children (VFC) providers only. During this session, CHIRP and Immunization staff will assist providers with any VOMS, Reconciliation, Lot Inventory management, Accountability, Decrement and EMR-CHIRP interface questions/issues that they may have. Participants are expected to have access to computer or laptop. **Please bring your own devices.**

Registration for these events can be found on the CHIRP UGM Calendar Page. If you have any questions, please feel free to contact the help desk at (888) 227-4439.
