

Trade Name to CHIRP Code Cheat Sheet

Updated: 11/27/2006

Vaccine Trade name or Common Name	Select this vaccine name/code in CHIRP	Manufacturer	Manu. Code in CHIRP
Combination Vaccines			
Comvax®	HepB/Hib	Merck	MSD
Pediarix®	DTAP/HepB/IPV	GlaxoSmithKline	SKB
Twinrix®	HepA/HepB	GlaxoSmithKline	SKB
Trihibit®	DTaP/Hib	Aventis Pasteur (Sanofi Pasteur)	PMC
DTaP/Tdap/DTP/Dt/Td/Tdap			
Daptacel®, Tripedia®, Infanrix®, and whenever you know that DTaP was given even if you don't know the brand name	DTAP	Aventis Pasteur for Daptacel Aventis Pasteur for Tripedia GlaxoSmithKline for Infanrix	PMC PMC SKB
Diphtheria and tetanus toxoids adsorbed – DT	DT (Pediatric)	Aventis Pasteur (Sanofi Pasteur)	PMC
Tetanus and diphtheria toxoids adsorbed for adult use for 7+ age group	Td – Adult	Aventis Pasteur (Sanofi Pasteur)	PMC
DecavacTM (Tetanus and Diphtheria Toxoids Adsorbed for age 7+ and Adult - preservative free)	Adult Td – Preserv Free	Aventis Pasteur (Sanofi Pasteur)	PMC
Adacel (Tetanus, Diphtheria & Acellular Pertussis) for use in age 11 – 64	Tdap	Aventis Pasteur (Sanofi Pasteur)	PMC
Boostrix (Tetanus, Diphtheria & Acellular Pertussis) for use in age 10 - 18	Tdap	GlaxoSmithKline	SKB
Diphtheria, tetanus toxoids, and whole cell pertussis vaccine (DTP), for intramuscular use (will be from historical record)	DTP		
Historical – when you can't tell if it was DTP or DTaP – given during transition years, 1991-1997	DTP- unspecified		
Hepatitis A			
Vaqa® 1 ml 2 doses for adults (19 years and older)	Hep A 2 dose - Adult	Merck	MSD
Vaqa® .5 ml 2 doses for pediatric/adolescents	Hep A 2 dose – Ped/Adol	Merck	MSD
Havrix® 1 ml 2 doses for adults	Hep A 2 dose – Adult	GlaxoSmithKline	SKB
Havrix® .5 ml (720 EL.U) 2 doses for pediatric/adolescent (1 – 18 years)	Hep A 2 dose – Ped/Adol	GlaxoSmithKline	SKB
Historical data entry –don't know type	Hep A -- Unspecified		
Hepatitis B			
Engerix-B® Ped/Adol	HepB Ped/Adol Preserv-free	GlaxoSmithKline	SKB
Engerix-B® for adults	Hep B Adult	GlaxoSmithKline	SKB
Recombivax HB® (pediatric/adol formulation)	HepB Ped/Adol Preserv-free	Merck	MSD
Recombivax HB® (2 dose) for age 11 – 15	Hep B 2 dose - Adol/Adult	Merck	MSD
Recombivax HB® for adults	Hep B Adult	Merck	MSD
Comvax®	HepB/Hib	Merck	MSD
Various dosages depending on individual, such as high-risk & dialysis	Note there are various choices available to reflect the specific situation		
Historical data entry – don't know type	Hep B- unspecified		
Human Papilloma Virus (HPV)			
Gardasil	HPV, quadrivalent	Merck	MSD

Hib			
ActHib®	Hib-PRP-T	Aventis Pasteur (Sanofi Pasteur)	PMC
PedvaxHib®	Hib-PRP-OMP	Merck	MSD
HibTITER®	Hib-Hboc	WyethLederle	WAL
ProHIBit® (discontinued)	Hib-PRP-D	Pasteur-Merieux	(Inactive)
OmniHib® (discontinued)	Hib-PRP-T	GlaxoSmithKline	SKB
Historical data entry – don't know type	Hib-- unspecified		
Influenza			
Fluzone PF® - For children 6-35 months old – pre-filled syringes - .25 ml – Preservative free	Influenza Split, 6-35 mos, presv free	Aventis Pasteur (Sanofi Pasteur)	PMC
Fluzone® - For children 36 months and older – contains preservative – Dosage - .5 ml age 3 & up (Multi-dose vials)	Influenza split, 36 mos. and older	Aventis Pasteur (Sanofi Pasteur)	PMC
Fluzone® age 6 to 35 mos. Dosage .25 ml contains preservative - (Multi-dose vials)	Influenza split, 6 – 35 months	Aventis Pasteur (Sanofi Pasteur)	PMC
Fluzone PF®- For individuals 3 years and above – single dose syringes - .5 ml Preservative free	Influenza split, 36 mos and older, preservative free	Aventis Pasteur (Sanofi Pasteur)	PMC
Fluivirin® - multidose .5 ml age 48+ months	Influenza Split	Novartis	NOV
Fluivirin® - multidose .5 ml age 48+ months Preservative Free	Influenza Split	Novartis	NOV
Fluarix® - single-dose, .5 ml – preservative free	Influenza Split, 18+ yrs, presv. free	GlaxoSmithKline	SKB
Flumist®- Live Attenuated Influenza Vaccine	Influenza Nasal Spray	MedImmune	MED
Measles, Mumps, Rubella			
Measles, Mumps, Rubella	MMR	Merck	MSD
ProQuad® (Measles, Mumps, Rubella, Varicella)	MMR/Varicella	Merck	MSD
Meningococcal			
Menomune® A/C/Y/W-135 Meningococcal polysaccharide vaccine, (Serogroups A, C, Y and W-135) (not available from VFC)	Meningococcal (MPSV4)	Aventis Pasteur (Sanofi Pasteur)	PMC
Menactra® Meningococcal Conjugate Vaccine, (Serogroups A, C, Y and W-135)	Meningococcal Conjugate (MCV4)	Aventis Pasteur (Sanofi Pasteur)	PMC
Pneumonia			
Prevnar® (Pneumococcal Conjugate, 7 valent)	Pneumococcal (PCV7)	WyethLederle	WAL
Pneumovax® 23 (Pneumococcal vaccine polyvalent) (not available from VFC)	Pneumococcal (PPV23)	Merck	MSD
Pnu-Imune® 23 (discontinued)	Pneumococcal (PPV23)	GlaxoSmithKline	SKB
Historical data entry – don't know type	Pneumococcal- unspecified		
Polio			
IPOL®- poliovirus vaccine, inactivated	IPV	Aventis Pasteur (Sanofi Pasteur)	PMC
Poliovirus vaccine, live, oral	OPV	No longer administered in U.S.	
Historical data entry – don't know type, ≥ Year 2000 IPV	Polio - Unspecified		
Rotavirus			
RotaTeq® (Live, Oral, Pentavalent)	Rotavirus, pentavalent	Merck	MSD
Varicella			
Varivax® Chickenpox vaccine	Varicella	Merck	MSD
