CHIRP LOT DECREMENT CHEAT SHEET

▶ Lots in CHIRP inventory are automatically set to decrement if the incoming record from the EMR *matches* with the inventory in CHIRP.

▶ Please make sure that the following info from the EMR matches with the CHIRP **inventory** so lots will decrement

- Lot information need to exist in the CHIRP inventory

- CVX code from EMR should match with CHIRP

- Lot number should match

- Manufacturer code should match exactly

- Lot expiration date should match

- Correct VFC Status should be sent

▶ Please call CHIRP helpdesk at 888-227-4439 with examples if you have decrement issues
